

Be a Wildlife Watch Explorer!

Get outside and look for wildlife in your backyard, community and local parks.

Write down the different animals, plants and nature you see, and then visit

www.nwf.org/watch to report your sightings, share stories and even upload photos!

Create a Wildlife Field Journal

See anything cool? Did you spot an animal for the first time or see a beautiful flower in bloom? Using the items you listed on the front of this worksheet, write a story about your wildlife adventure. Share your story online with other Wildlife Watch naturalists at www.nwf.org/WildlifeWatch/TellMyStory.aspx.

Birds: _____

Mammals: _____

Invertebrates: _____

Amphibians, Reptiles & Fish: _____

Natural Phenomena: _____

Wildflowers: _____

Trees and Shrubs: _____
